## SERVICE AND REGULATORY ANNOUNCEMENTS

### BUREAU OF ANIMAL INDUSTRY

DECEMBER 1935

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the Bureau, establishments at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each or 25 cents a year (foreign, 45 cents). A supply will be sent to each official in charge of a station or branch of the Bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

## PROCEEDINGS UNDER THE PACKERS AND STOCKYARDS ACT

*Docket no. 464.*—In re the Fulton Commission Co., Seattle, Wash. On November 11, 1935, the Acting Secretary of Agriculture issued an order suspending respondent from registration for 1 year and ordering it to cease and desist from using certain unfair and deceptive practices and devices in connection with the handling of livestock in commerce, and to pay reparation to certain producers in the amount of \$806.72 with interest at 6 percent until paid. Respondent petitioned the Secretary to stay this suspension order stating his grounds as follows: A suspension of 1 year would destroy the business respondent had spent years to establish; if suspended from its present business respondent would find it difficult to establish any other line of business; if suspended from engaging in business it would be necessary to discharge employees who now are dependent upon its business for a livelihood; respondent now understands the requirements of the Packers and Stockyards Act and will observe the same henceforth, and will make restitution to those producers of livestock who were damaged and to whom reparation was awarded in said order. Satisfactory evidence has been produced showing that respondent has complied fully with the order for reparation. Therefore, that part of the order of the Secretary made on November 11, which suspended respondent from engaging in business for 1 year, has been suspended and held in abeyance with the understanding that it may upon 30 days' notice, but without further hearing, be restored and made effective if at any time the Secretary finds that respondent has failed to comply with any of the conditions of said order.

*Docket no. 474.*—In re Corn Belt Commission Co., Omaha, Nebr. The Acting Secretary of Agriculture on October 10, 1935, issued an inquiry alleging that respondent had violated title III of the Packers and Stockyards Act in that it had engaged in certain unfair and deceptive practices and devices in connection with the buying and selling of livestock in commerce. A hearing in this proceeding was held on October 22 and respondent given until November 30 to file a brief. On December 31, 1935, respondent was ordered to cease and desist from using unfair and deceptive practices and devices in connection with the handling of livestock in commerce, and to pay reparation to Henry B. Smith in the sum of \$463.95 with interest at 6 percent per annum from August 28, 1935, until paid. This order is to become effective 30 days after the service thereof.

*Docket no. 486.*—In re Washington Court House Union Stock Yards Co., Washington Court House, Ohio. The Acting Secretary of Agriculture on October 31, 1935, issued an inquiry alleging that respondent had violated the Packers and Stockyards Act in that it had failed, neglected, and refused to execute and maintain a reasonable bond to suitable trustees to secure the performance of its obligations incurred as a market agency and dealer. On November 27, respondent filed an adequate bond and on November 29 admitted the truth of the matters and things alleged and waived a hearing thereon. On December 19 respondent was ordered to cease and desist from doing business as a market agency and dealer without executing and maintaining a reasonable bond, or furnishing some other satisfactory guaranty, to secure its obligations incurred as such market agency and dealer.

*Docket no. 498.*—In re Wood Bros., Inc., Omaha, Nebr. The Acting Secretary of Agriculture on November 4, 1935, issued an order alleging that respondent had violated the Packers and Stockyards Act in that it had failed to furnish an adequate bond to secure the performance of its obligations incurred as a market agency. On or about November 13, respondent filed an adequate bond and on November 25 admitted the truth of the matters and things alleged and waived a hearing thereon. On December 18, respondent was ordered to cease and desist from doing business as a market agency without executing and maintaining a reasonable bond, or furnishing some other form of satisfactory guaranty, to secure its obligations incurred as such market agency.

**Stockyards Posted**

The McCollum & Long Stockyards, located at Tupelo, Miss., was posted on December 10, 1935, as coming within the jurisdiction of the Packers and Stockyards Act.

The Savannah Stock Yards, located at Savannah, Ga., was posted on December 17, 1935, as coming within the jurisdiction of the Packers and Stockyards Act.

**Designated as Public Stockyards**

The Union Stock Yards, West Fargo, N. Dak., has been designated as a public stockyards as defined in paragraph 8, section 1, regulation 1, B. A. I. Order 309, effective October 15, 1935.

**ACCEPTANCE OF GIFTS OR LOANS**

Attention is directed to notice on page 103 of Service and Regulatory Announcements for June 1935, quoting paragraph 726 of the administrative regulations and a section of the meat inspection law. The question having arisen as to whether this prohibition would apply to the acceptance of passes by employees of this Bureau to State fairs, the International Livestock Exposition at Chicago, Ill., the American Royal Livestock Show at Kansas City, Mo., and similar livestock shows and expositions throughout the country, the matter was referred to the solicitor of the Department who has now rendered an opinion, as follows:

"\* \* \* as long as employees of the Bureau of Animal Industry accept passes to be used strictly in the course of the performance of their official duties at livestock expositions and fairs and receive no personal benefit from such passes, there could be no violation of either paragraph 726 of the regulations of the Department of Agriculture or of the penal provision of the Meat Inspection Act; but that if employees accept passes merely to save themselves, and not the Government, the cost of admission, there would be a violation of paragraph 726 of the regulations, as well as of the Meat Inspection Act if such employees are engaged in performing service under, or are paid from, the appropriation for the enforcement of such act."

**ONE YEAR PROBATION REQUIRED FOR ALL PROFESSIONAL EMPLOYEES**

Effective March 1, 1935, all probational employees appointed in all grades of the professional service of the Department of Agriculture will be required to serve a 1-year probationary period, instead of 6 months.

This decision has been reached after a survey made of all the bureaus of the Department of Agriculture. It was the consensus of opinion of a great majority of officials contacted that the period of probation should be changed from 6 months to 1 year for all professional employees and the Civil Service Commission, under date of February 9, 1935, approved this change.

**PERMITTED DIP FOR SCABIES**

The Bureau has granted permission, under the provisions of B. A. I. Order 309, for the distribution for use in the official dipping of cattle and sheep against scabies, of Rex Lime and Sulphur Dip under the name of Perfection Lime and Sulphur Dip, manufactured by the Weston Manufacturing and Supply Co., Inc., Speer Boulevard at Larimer Street, Denver Colo. Dilutions permitted: For cattle, 1 gallon of the dip to 15 gallons of water. For sheep, 1 gallon of the dip to 20¼ gallons of water.
